Description

The TMM-641 Touchscreen Master Module is a small desktop unit for use with a touchscreen terminal. It is a Voice over Internet Protocol (VoIP) device that implements the industry standard Session Initiation Protocol (SIP).

The unit consists of a speaker (c/w volume adjustment), an electret microphone, a push-to-talk (PTT) switch, an LED status indicator and a front panel 2.5 mm headset jack.

The TMM-640 also provides contacts for an external PTT (foot) switch as well as a privacy handset, and includes a 3.5 mm stereo output jack to provide line-level signaling for external amplified speakers.

A microphone insert device can be connected via a 3.5 mm input/output jack. The third party external insert device is connected in series with the microphone audio line and can be a feedback suppressor for overhead paging speakers or an equalizer.

Features

- small desktop module with an attractive brushed stainless steel top
- high sensitivity omni directional microphone available on a 12” or 18” flexible gooseneck or flush mounted
- noise free rotary volume control
- top surface PTT switch with contacts for an external switch (e.g. PTT footswitch)
- support for an external privacy handset
- supports external PTT (footswitch)
- 3.5 mm stereo line level output jack for connecting an external amplifier or powered speaker
- 3.5 mm line level input/output jack for connecting a third party external feedback suppressor or equalizer
- unit can be powered from a Power over Ethernet (PoE) capable Ethernet switch or an external power supply.
- front panel 2.5 mm headset jack
- built in 10/100baseT Ethernet switch to facilitate a 2nd Ethernet connection
- built in Automatic Gain Control (AGC)
- supports remote firmware and configuration updates

Specifications

- Physical 2.01” H x 5.35” W x 7.07” D (51 x 136 x 180 mm)
- Environmental
  - Operating Temperature 32 to 122 °F (0 to 50 °C)
  - Storage Temperature -40 to 158 °F (-40 to 70 °C)
  - Humidity 0 to 95 % non-condensing
- Field Connections
  - RJ-45 jack (Ethernet)
  - RJ-25 (for external PTT and privacy handset connections)
  - 3.5 mm line-level output jack
  - 2.5 mm headset jack
  - 3.5 mm microphone insert
  - 2.1 mm auxiliary power jack
- Power
  - Auxiliary 22.8 Vdc - 37.8 Vdc,150mA max* or PoE EEE 802.3af class 1 compliant
  - Cat5/Cat5e/Cat6
  - 328 ft (100 m) maximum length
- Speaker
  - 2.5” (64 mm) mylar cone
  - Speaker level 82 dB SPL max. @ 1 meter
  - Line-Level Output 1 V rms

* 36 Vdc wall adaptor included with TMM-641

**Ordering Information**

Part Number TMM-641-ABC-D

A. Volume control options
   - 1 rotary (standard)

B. Microphone options
   - 1 gooseneck microphone
   - 2 flush microphone
   - 3 gooseneck microphone with 6 inch extension

C. Headset connection
   - 1 "Universal" headset connection

D. Microphone compression
   - 1 standard

---

**Accessories**

- **HHK-136** handset/hookswitch kit
- **PSU-136-0.15** 36V/150mA Power Supply
